Curriculum support 2023-2024

Bespoke packages of support

Whether you're looking for just a single visit (consultancy or staff meeting), or a longer piece of work over several dates, we would be happy to discuss what you would like to achieve.

Examples:

1-day* bespoke subject package

Cost: £700

*Time often booked as 2 x half day visits.

2-day* bespoke subject package

Cost: £1,400

*Time often booked as 4 x half day visits.

Visits/focuses could include:

- Supporting subject leaders with understanding the role, what to focus on and actions to prioritise.
- Exploring and refining current curriculum mapping for a subject jointly with the subject leader.
- Support and coaching for subject leader/s including joint monitoring and evaluation activities to identify next steps.
- Staff CPD/INSET e.g. focused on effective science subject leadership and/or on assessment of learning.
- Co-developing and co-delivering subject focused staff CPD alongside the subject leader.

All visits can be followed up with a written report which will identify strengths, areas to consider or for development and clear agreed actions.

To discuss or book a bespoke package of support, contact Charlotte Jackson at charlotte.jackson@hfleducation.org

The 2023/24 Primary Science Conference

Our science conferences always provide outstanding learning opportunities linked to topical developments in primary science teaching together with time to network with other leaders and share good practice. Look out for more information coming in the autumn term.

PSQM

We are pleased to support the Primary Science Quality Mark (PSQM)

PSQM transforms primary schools and communities - growing confident leaders and teachers of science, building children's attainment and aspiration in science, and shaping the culture of a primary school into a place where every child, teacher and family thinks 'science is for them'.

You can express interest through the PSQM website: herts.ac.uk/psqm/register-your-interest or to discuss it further please contact: charlotte.jackson@hfleducation.org
