Each package can be paid in instalments by direct debit to help spread the cost through the year.
Prices do not include travel or VAT.

Effective Evaluation of Early Years Provision

Our Effective Evaluation of Early Years Provision (EEEYP) package provides settings with a comprehensive external evaluation of their practice and provision.

The EEEYP can be useful to prepare settings for other external professionals visits to the setting.

During the visit, consultants will carry out observations with leaders and hold interviews with senior leaders, key staff and parents (agreed prior to the visit).

Following the evaluation, a detailed written report is provided that identifies key priorities and recommendations to support improvement of the quality of provision for children.

Prices start from £430 excluding VAT and travel.

The EEEYP package enabled us to review our setting, our teaching practice and environment. We were supported to create an action plan and given lots of positive feedback. I found HFL's guidance and support invaluable in developing our practice and provision.

Jessica Breakwell Owner, Playhouse Nursery, Radlett.

Early Years Quality Standards

The Early Years Quality Standards (EYQS) scheme represents a prestigious recognition that acknowledges and celebrates Early Years schools and settings which demonstrate outstanding commitment to excellence and quality. The scheme is designed to recognise those who consistently strive for the highest standards of early years practice driving a culture of excellence and improving outcomes for all. The EYQS is organised into a two-year cycle.

Early Years schools and settings may choose to complete year 1 EYQS as a standalone award or complete both years of the award to achieve EYQS Premium. The award is valid for a period of five years from the date of completion.

Early Years Leadership and Management Programme

An annual programme to help new and experienced setting managers build the skills they need to be a great Early Years leader.

The Early Years Leadership and Management Programme enables managers to access a programme of regular leadership training and support across the year.

- Early Years Consultants support and mentor leaders to reflect on and create effective systems that will enable the smooth and efficient working within their own teams and settings.

- This programme starts in the autumn term and comprises six two-hour webinars across three terms. Participants can also join mid year and access the full programme.

The Early Years induction programme

Our innovative and award winning EYFS four-part e-learning induction programme can help new and returning Early Years staff build the skills they need to be effective Early Years practitioners.

It offers practitioners working at all levels a good overall knowledge and understanding of how they can work effectively with children to support their care and early education. The programme is designed to support settings in providing professional development that will help to ensure they have competent practitioners that can fulfil their role to their full potential. The EYFS e-Learning Induction Programme includes four modules of self-paced e-learning. Each module allows you to explore your role in greater detail supporting your practice along the way with reflective tasks. Using a wide range of engaging learning styles, participants can learn at their own pace in a way that suits them best.
