

AUTUMN 2025 A LEVEL MATHEMATICS REMOTE REVISION WORKSHOPS FOR STUDENTS.

$$\binom{n}{r}, {}^nC_r, {}^nC_r$$

Led by our secondary Maths adviser, the aim of these workshops is to strengthen understanding of Year 12 content, to help students establish a firm foundation for the second year of the A level course.

The workshops are intended to support the learning of students aiming for grades up to Grade B. Students aiming for A or A* are welcome to attend, and may find it useful consolidation, but should be aware that the content is not aimed directly at them.

It may be that students studying for more advanced qualifications in Year 11 will benefit from attending some of the sessions.

1

IMPORTANT FUNCTIONS

THURSDAY, 25TH SEPTEMBER 2025
5-6PM

2

FLUENCY IN ALGEBRA

THURSDAY, 2ND OCTOBER 2025
5-6PM

3

THE GEOMETRY OF LINES AND CURVES

THURSDAY, 9TH OCTOBER 2025
5-6PM

4

THE BASICS OF DIFFERENTIATION

THURSDAY, 16TH OCTOBER 2025
5-6PM

$$\sum_{i=1}^n a_i$$

$$\int_a^b y \, dx$$

$$f'(x), f''(x)$$

$$\lim_{x \rightarrow a} f(x)$$

$$(x)_{n-1}, (x)_{n-1}$$

There will be one workshop per week, on four consecutive Thursday evenings. All workshops will be recorded so students who miss part or all of a session can catch up later. The recordings can be instantly accessed using the original joining link sent to everyone who has booked a place.

Once places have been booked, students will need their school e-mail address to access the sessions.

As in previous years, there will also be a full programme of Easter revision workshops, scheduled for April 2026.

To find out more and to book places on sessions, please click or scan the QR code or visit the HFL Education Hub for more information.

£10

per student per session,
