

AQA GCSE SCIENCE REMOTE REVISION WORKSHOPS – SPRING 2027.

Live online science revision for students working towards Grades 4-5 and Grades 6-7

Delivered by HFL Education's experienced science advisers, these online sessions are designed to help Year 11 students focus their revision, strengthen key science knowledge and build confidence as GCSE exams approach.

The sessions will focus on:

- building confidence with exam-style questions
- providing tried and tested exam strategies and revision techniques
- sharing high-quality responses and model answers
- reviewing key maths and Required Practical skills within relevant science content

All workshops are recorded, allowing booked students to revisit sessions at any time before their exams.
